Re: Bill No. 2007-79

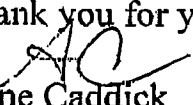

This letter is in reference to Bill No. 2007-79 Short Term Vacation Rental. I am requesting an abeyance of this bill until further information regarding the proposed changes can be reviewed.

I unfortunately live between two "party houses" in a quiet family neighborhood in section 3\*. The houses are not owner occupied and are rented out for special events such as weddings, bachelor parties, movie openings, etc.

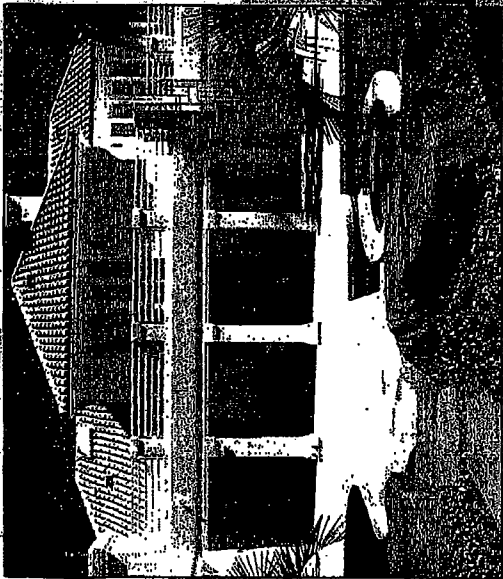

This past Saturday, yet another wedding was held at one of the party houses. These are commercial enterprises, which should be held at venues designed for that purpose, not in family neighborhoods. These events bring increased traffic, drinking, noise, and strangers wandering around our neighborhood.

Please consider this before taking the bite out of this bill.

Thank you for your consideration.

Remarks: Dear Las Vegas City Council Members:

I'm requesting that you place Ordinance # 2002-79, the Short Term Rental Ordinance, into abeyance for a time period of 30 days as there has not been sufficient time to adequately address the issues involved by those who are affected as neighbors of short term rental properties. I do not feel that I was given adequate notice of the proposed changes. Neither I nor any other of the affected neighbors who oppose short term rentals under 30 days have been asked for input by Councilman Wolfson. Whenever something goes before Counsel, it should be mandated that both sides of an issue be represented in working out a solution.  
Thank you for your consideration in this matter.

Sincerely:

Anna Williams

Dear Councilman Wolfson,

I would like to request that the upcoming matter concerning short term rental of residential homes be placed in abetment for a period of time sufficient to allow for further inquiry and input. As you may know, many homeowners (certainly in my group) have concerns about parties, weekend vacationers, etc., renting in our neighborhood.

I would appreciate your consideration which will allow further discussion.

Sincerely,

Donald M. Mosley

I am aware there is a meeting in your office today to discuss the merits of the above bill in Anticipation of tomorrows Council Meeting. Please hold further action on this Bill in Abeyance as I and others intend to get organized and contest this action. A rush to Judgment on this serious matter is unwarranted as the Bill's effect will be to return our residential areas again into unfavorable areas to live for many reasons.
